198. Return showing:—1. Whether the Government have taken cognizance of the following article published in the Montreal "Gazette" on November 1, 1915:—"Canadian Help Comes from Sale of Gift Flour. Foodstuffs not Needed by the English Poor were Bought for Belgian Relief.—Funds to Aid East Coast.—Hon. Walter Long Suggested to Canadian Government that $750,000 be Allotted, and Latter Agreed.—(Special cable from the "Gazette's" resident staff correspondent.)

"London, October 31,—'Canada's aid to the east coast towns of England, which are suffering through the war, is the subject of some misconception,' said Sir George Perley to-day. In a statement in the Commons, Hon. Walter Long said that the necessary funds for a Government scheme of help for hotel and lodging house keepers had been generously provided by the Canadian Government. This gave rise to the idea that the Dominion was taking a new step, but the fact is that no money is coming from Canada. Of the flour sent by Canada a year ago to relieve distress in England, very little was distributed, as poverty was in no way abnormal. Some 400,000 bags of this flour were transferred to the American committee for Belgian relief, which purchased them. The money paid for this flour being in the hands of the Local Government Board, Hon. Walter Long, as President of the Board, suggested to Sir George Perley that this might be utilized for the relief of the east coast towns where the season had been ruined owing to the lack of railway facilities and the disinclination of the public to visit the east coast because of the possibility of German naval or aerial raids. The Dominion Government acquiesced in this proposal, and the sum of $750,000, part of the proceeds of the sale of the flour, has now been allotted for this purpose. Canada's generosity will therefore go to alleviate the distress of a large number of better-class people, who are direct sufferers from the war, instead of the destitute poor, for whom it was intended, but who, it develops, were not in need of it." 2. Whether the said article is accurate. If not, in what respect it is inaccurate. Presented March 20, 1916.—*Mr. Papineau.*

198*a*. Return showing:—1. Whether the Government is aware that the following extract from an article was published on the 12th January, 1915, in the Montreal "Gazette":—

"Distress Caused in England by War is Negligible.—Comparatively Small Portion of Colonial Gifts Used for National Relief.—Much Went to Belgians.—War Office also took Large Share.—Salvation Army has Scheme Requiring Canadian Co-operation.—(Special cable from the "Gazette's" resident staff correspondent.)

"London, January 11.—Very satisfactory evidence of the comparative absence in England of any distress caused by the war is furnished by a report on the special work of the Local Government Board arising out of the war, which was issued to-day as a White Paper. The action by Noel Kershaw, dealing with the disposition of the gifts from the Colonies, shows that only a small part of the goods allocated has been required for relieving the distress of civilians.

"The following is the disposition of the 940,530 bags of flour received from Canada: To the local committees for the relief of distress, 90,474; to the Belgian Refugees Committees, 1,691; transferred to the War Office, 99,760; further offer to the War Office, 300,000; to the Belgian Relief Commission, 443,886; sold, owing to damage, 4,719." 2. SESSIONAL PAPER No. 10e

SUPERVISION OF SUBSIDIZED STEAMSHIP SERVICES.

Vote 219.—Expenses in connection with the supervision of subsidized steamship services—

1915-16	$3,000
1916-17	3,000

By Order in Council of April 10, 1912, Mr. W. E. Tupper, of Digby, N.S., was appointed Supervising Officer of Subsidized Steamship Services. His salary is $2,000 per annum, and he is allowed the usual travelling and other contingent expenses.

The following is Mr. Tupper's report on the work done by him in 1915.

OTTAWA, January 1, 1916.

F. C. T. O'HARA, Esq.,
Deputy Minister, Department of Trade and Commerce,
Ottawa.

SIR,—As Supervisor of Subsidized Steamship Services I beg to submit my report on the services inspected in 1915.

During the year forty-one services were inspected and I am pleased to report that the steamers performing the services were found, with few exceptions, in satisfactory condition. Generally speaking, steamers are adaptable, the facilities for handling passengers and freight adequate, accommodation well maintained, food of good quality and well served and sanitary conditions satisfactory.

I am pleased to report, further, that with few exceptions, contract ports of call received a regular service. It was observed that the comparatively few complaints in regard to the irregularity of calls were in connection with services the nature of which does not admit of unfailing regularity on all trips and in all weather.

Very few complaints as to shortage in freight, breakage or rough handling were received. In the majority of cases where freight was landed in a damaged condition damage was due to neglect on the part of the shippers to properly crate freight, rather than to careless handling on the steamer.

Freight rates were inspected and are considered reasonable. In a few cases an increased rate on certain articles was noted. In view, however, of the advanced cost of operation and maintenance, particularly during the last few years, the increases in question are considered justifiable.

I have the honour to be, sir,
Your obedient servant,
(Sgd.) W. E. TUPPER.
Supervising Officer.

Freight Rates.—The rates charged for freights to or from any Canadian port included in this contract shall not exceed the rates charged by regular passenger steamers of the same class to or from New York, Boston or Portland, and the minister may at any time revise the rates if he deem it advisable.

No discrimination of any kind shall be made against Canadian merchants or shippers, who shall always have precedence for their freight and goods over all other merchants and shippers.

SOME CLAUSES COMMON TO ALL CONTRACTS.

NOTE.—Some of the principal sections common to all contracts, and as such hereinbefore frequently referred to, read as follows:—

Proof of Performance of Service to be Furnished

The contractors shall furnish and establish at their own expense the necessary agents required for the efficient performance of this contract, and shall with diligence, as soon after the completion of each voyage as may be, furnish to the Minister full and complete copies of the manifests of the cargoes and lists of passengers carried on each voyage, duly certified by the proper officers of customs, and also such other documents, information and evidence as may be reasonably required by the Minister to show the volume, extent and value of the trade carried on by the said steamers, and the full performance of their part of the services, requirements and conditions of this contract, in order to enable him to judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with, within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive; and the furnishing of such certificates, documents and evidence as

hereinbefore specified shall be a condition, precedent to the payment of the subsidy herein provided for, or any portion thereof, and if in the opinion of the Minister, all the terms of this contract have not been fully complied with by the contractors he may deduct from the subsidy otherwise payable such portion thereof as he may deem fit and proper, taking into consideration all the circumstances connected therewith, and the contractors shall at all times during the continuance of this contract well and faithfully abide by and conform to all such requirements as may be made by the Minister with regard to the said steamers in the performance of this contract.

Financial Statements.

It is further understood and agreed that the contractors whenever so required shall furnish the Minister with such financial statement or statements as he may desire from time to time respecting all revenues derived from and all expenditures in connection with the conduct of the service herein provided for.

British Subjects.

It is further understood and agreed by the contractors, that two-thirds of the total number of officers, engineers, stewards, crew or other employees whatsoever upon the steamships engaged in the performance of the service herein contracted for, shall be British subjects, but the non-observance of this clause shall not constitute a violation of this contract in such individual cases as may from time to time be approved by the Minister in writing.

Equipment of Steamers.

The steamers to be employed as herein specified, shall at all times during the continuance of this contract be fully seaworthy, well-officered, manned, victualled, equipped, provided and furnished, having regard to the service which the contractors have hereby undertaken to perform; and shall have ample and suitable accommodation for the passengers, mails and freight to be carried over the route specified; and shall at all times, carry boats and life-saving appliances in compliance with the law, and shall be in all respects subject to the approval of the Minister.

Carriage of Mails.

For the conveyance of all such mails no payment shall be made or required over or beyond the amount of subsidy herein mentioned or provided for.

Accommodation for Mails.

The said steamers shall be provided with sufficient and convenient accommodation and protection for all such mails, to the satisfaction of the Honourable the Postmaster General of Canada for the time being, and the contractor shall further take all reasonable and necessary precautions for the protection of such mails, while upon the said

steamers or while in the contractor's charge or custody, from loss, damage or injury, in any way, and the contractors shall be responsible for any loss or damage thereto caused by negligence or want of proper care or accommodation on the part of the contractors, their agents or servants or on the part of the officers, employees or crew on board the said steamers, and this without regard to any question, as to the legal liability of the Postmaster General to the owners of the articles of mail matter contained in such mails for damage or loss sustained in transit.

The expression "mails" for the purpose of this contract shall be deemed to mean and include all boxes, bags, baskets or packets of or containing letters, post cards, newspapers, parcels, books, or printed papers, and all other articles which under the Post Office Act and postal regulations for the time being in force are transmissible by post in Canada, without regard to place either of origin or destination, and also all empty bags, empty boxes and other receptacles, stores and articles used or to be used in carrying on the post office service, or which shall ordinarily be sent by or to or from the offices.

No Letters except H. M. Mails to be Carried.

The contractors shall not, nor shall any of their agents or servants, or officers or crews of the said steamers receive or permit to be received on board of the said steamers any letters for conveyance other than those contained in His Majesty's mails, or which are or may be privileged by law, nor the mails of any other country, except such as are specified by the Postmaster General of Canada for the time being.

Government officials to be carried free of Charge.

The Honourable the Postmaster General of Canada, or the Honourable the Minister of Trade and Commerce for the time being, or any inspector or officer of the Post Office Department or the Department of Trade and Commerce, who may in the execution of his duty travel in the said steamers, shall be carried free of charge.

Proper accounts to be Kept.

The contractors shall keep full and proper accounts of and in connection with the working of this service, and shall keep such accounts separate and distinct from any other accounts of or connected with other branches of their business; and in any contingency which, in the opinion of the minister, may render such a course necessary, the contractors shall allow any officer or officers named by the minister free access to such accounts and all books, papers and documents connected therewith.

Substitute for Disabled steamers.

It is understood that if the said steamer shall be by peril of the sea or other unavoidable casualty, lost, destroyed or temporarily disabled from performing the voyages herein agreed to be performed according to the true intent and meaning of these presents, the contractors may in such case as soon as reasonably may be, having regard to the circumstances, replace the said steamer by another of equal class, speed, equipment, character and capacity to the satisfaction and approval of the minister in case the said steamer has been only temporarily disabled, and continue the service herein contracted for with such substituted or repaired steamer with as little delay as possible under all circumstances.

Freight and Passenger Tariffs—Proof of Performance of Service to be Furnished.

The contractors shall carry on each steamer running under this contract, according to its capacity, on all voyages, all the freight and passengers which may be reasonably offered or obtained, and at tariff rates, both as to passengers and freight, which may be from time to time approved by the minister; and the contractors shall furnish to the minister such documents, information and evidence as may be required by the minister, to show the volume, extent and value of the trade carried on by the said steamer, and such customs certificates, documents and evidence as may be necessary or as may be required by the minister to prove the performance of the service herein contracted for, and to enable the minister to judge as to whether this contract is being carefully and faithfully carried out and performed and the furnishing of such certificates, documents, information and evidence, as hereinbefore specified, shall be a condition precedent to the payment of the subsidy herein provided for or any portion thereof.

Deductions from Subsidy—Time-tables to be furnished—Docking Disabled Steamers.

Provided, however, that it is the true intent and meaning of these presents that no amount or instalment of subsidy shall be payable or be paid at any time, unless it appears to the satisfaction of the Minister that up to the time of such instalment becoming due, as herein stipulated, the service herein described and defined has been fully and faithfully performed, and that all provisions and stipulations as to freight and freight rates and dates of sailing have been in all respects faithfully observed and carried out, according to the true intent and meaning of these presents; and it is understood and agreed to be a further condition of these presents that the contractor's shall at least two weeks prior to the first sailing under this contract furnish to the Minster time-tables showing the proposed sailings, and upon the same being approved by the Minister, they shall be duly advertised in such manner as he may direct; and it is also agreed that in case either of the steamers herein named, or a substituted steamer sanctioned by the Minister, does not sail from a terminal port as herein specified within of the date fixed by such time-tables, there shall be deducted from the amount of subsidy payable for such voyage a sum equal to one-tenth of the amount otherwise payable for the performance of such voyage, and so in proportion for further delays or failure to sail from such terminal port. Provided, however, that the Minister may authorize any vessel to sail either at an earlier or a later date than that specified in such time-tables should he for any reason deem it advisable to do so; it being understood and agreed that, in the event of any of the said steamers being at any time so disabled as to be obliged to be docked for repairs, the failure to perform the terms of this contract owing to such accident and for the time reasonably occupied in the repair of the damaged steamer, shall not be taken as a default or breach of the stipulations of this contract, or subject the contractors to deductions as above from the amount of the subsidy, if any, payable for any voyage delayed in consequence of such docking for repairs, but there shall be no claim for nor payment of any subsidy in respect of any voyage not actually performed.

Freight and Passenger Rates to be Approved by the Minister.

(Inserted in contracts for ocean services only.)

The contractors shall at least three weeks prior to the first sailing under this contract, furnish to the Minister a schedule of the freight rates proposed which schedule shall be subject to the approval of the Minister, and after being approved by him shall not be changed except with his consent; and the Minister may at any time, if he deem it advisable, fix the maximum rates to be charged between the different ports, on both east and westbound trips, on any article or class of goods, and the con-

tractors shall carry between the ports hereinbefore named, on all voyages of the said steamships employed under the terms of this contract, all passengers or freight that may be offered or that can reasonably be procured, at rates which shall not be in excess of such maximum rates as fixed by the Minister, should he deem it advisable to so fix such maximum rates, and in no case shall any discrimination be made as regards rates, or otherwise, directly or indirectly, against Canadian merchants, or shippers, who shall always have precedence for their freight and goods over all other merchants and shippers; and it is agreed and understood that the freight rates on eastbound trips, sailing from or as hereinbefore provided, on through bills of lading from any place in the provinces of Ontario and Quebec, or from any Canadian points farther west, shall in no case be greater than from the same place to *via* any United States route or port; and on westbound trips the rates from to any place in Ontario or Quebec, or other Canadian points farther west, shall be as favourable as *via* any United State route or port to the same place; and it is further understood and agreed that the said steamers shall not carry between the ports of or and aforesaid, on any voyage run under the terms of this contract, either deals or lumber or timber to a greater extent than fifty per cent of the total quantity of the cargo carried on such voyage and such quantity only in case other Canadian products are not offering or cannot be obtained. Provided, however, that in the event of other cargo not being obtainable, satisfactory evidence of the fact being furnished to the Minister, then the contractors shall be allowed to make up the balance of the cargo with deals, boards or timber.

Publicity of tariff charges.

The freight and passenger rates charged by the contractors over said route may at any time be required to be approved of by the Minister, whose decision shall be final, and the said freight and passenger rates shall be made available at all times to the public at the head office and the agencies of the contractors.

Calls at Foreign Ports.

The steamer employed in carrying out the provisions of this contract shall not on any of its trips call at any foreign port not specified in this contract.

Carrying of nitro-glycerine or dangerous articles.

The contractor shall not convey or permit to be conveyed in any steamer while employed in this service any nitro-glycerine or any other article which in the opinion of the Minister shall be considered dangerous.

Subsidy subject to vote of Canadian Parliament.

It is conditioned, declared and agreed that the payment of subsidy, as hereinbefore stipulated, is subject to the amount specified being provided for the purpose by a vote of the parliament of Canada, and that if no amount is voted for the purpose, or if any amount voted has become exhausted in payment thereof, and no further sum is voted for the purpose, this contract or agreement shall terminate and become void and of no effect, and the party of the first part shall not in consequence be held liable to damage.

Minister's right to terminate contract.

It is declared to be the true intent and meaning of these presents, that the Minister shall have the right at any time during the continuance of this contract, upon 30 days' notice in writing to the contractors, their successors or assigns, to terminate this contract, and every matter and thing herein contained, if it shall appear to the Minister that there has been any breach on that part of the contractors, their successors or assigns, of any of the covenants, agreements, stipulations or provisions herein

contained and entered into on the part of the contractors; and it is declared and agreed that the Minister shall at all times be the sole and final judge as to whether there has been any such breach, and his decision shall be absolute, final and conclusive.

Assignment of contract.

This contract shall not, nor shall any right or interest therein be assigned without the consent in writing of the Minister to such assignment having been first obtained.

Canadian members of parliament not admitted to share in contract.

It is a condition of these presents that no member of the House of Commons of Canada shall be admitted to any share or part of this contract or agreement nor to any benefit to arise therefrom.

Changes in contract.

The minister may authorize any change or changes in the terms of this contract as may not be inconsistent with the vote providing for the payment of the subsidy.

Minister to be final judge as to full carrying out of contract.

The minister shall at all times be the judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive.

Transportation of Trade Commissioners.

(Inserted in contracts for ocean services.)

The Canadian Trade Commissioners and their wives, children and servants, or Canadian Commercial Agents, shall be granted free transportation, meals included, with first-class accommodation and free transportation for their household effects, upon any steamships employed by the contractors in the performance of this contract when requested so to do by the Minister, and when the said Commissioner or Commercial Agent is travelling upon his official duties or being transferred from one official post to another.

Intercolonial Railway Clause.

(Inserted in contracts for Atlantic ocean services.)

It is hereby agreed by the contractors that as the aid herein expressed and provided for by the Canadian Government is for the express purpose of encouraging the development of Canadian trade and the transportation of Canadian goods through Canadian channels, the company accepts the aid on these conditions and agrees that all freight booked or carried by the said steamships from a port in the United Kingdom and during the time these make Halifax or St. John their terminal port, shall, when not otherwise expressly routed by shippers or consignees, be delivered to the Intercolonial Railway at Halifax or St. John for shipment to final destination in Canda, provided that the rates demanded by the Intercolonial Railway shall not be in excess of the rates charged by any other railway company from said ports to final destination in Canada.

(*a*) Contractors are to hand over to the Intercolonial Railway at Halifax passengers for points in the Maritime Provinces or the Province of Quebec, providing the route of such passengers is controlled by the contractors and that they are not otherwise routed. It is further agreed that the contractors through their agents in Canada shall see that they have all such freight for export as may be secured by them for a port in the United Kingdom at which the subsidized line may call delivered to the Intercolonial Railway at Montreal.

Calls at Government Wharves.

(Inserted in contracts for local services.)

In consideration of the subsidy herein stipulated the contractors agree to call at all Government wharves when such is practicable and when such wharves are available.

Handling of perishable products.

(Inserted in contracts for Atlantic ocean services.)

The handling, loading, stowing and unloading of any fruit or perishable products carried by the said vessels shall be subject to and under the supervision of any cargo inspector or other officer appointed for that purpose, should the Minister of Agriculture for Canada deem it advisable.

EXPLANATORY NOTE.

The publication of Part VII of the Annual Report of the Department of Trade and Commerce for 1915 has been postponed for several months beyond the usual time of issue because of delays in receiving the information necessary for its compilation. Since the outbreak of the war a number of countries have suspended publication of trade statistics, and the issuing of reports by certain other countries has been greatly delayed. It was in order to obtain as many returns of such countries as possible that the printing of Part VII was postponed. Much advantage was secured by the delay, as the report now appears with the latest statistics from several countries which would not have been available had publication been made at the usual time.

In the cases of countries from which no returns have been received since the last former publication of this report, it was impossible to do otherwise than re-print the statistics given in the 1914 volume.

Inasmuch as the trade of the whole world has been under abnormal influences for the past two years, and as late statistics from a number of countries are not available, it has been thought best not to bring up-to-date the table on page X, but rather to retain in it the last statistics of a pre-war period. Any other course would have destroyed the value of the statement for purposes of comparison.

COINAGE, WEIGHTS AND MEASURES.

To assist in arriving at a comprehensive understanding of the value of foreign currencies, weights and measures (as expressed in foreign trade returns, tariffs, etc.), as compared with those of Canada, tables have been prepared as follows:—

As regards those of Canada, the law provides that the denominations of money in the currency of Canada shall be dollars, cents and mills, the cent being the one hundredth part of a dollar, and the mill one-tenth part of a cent.

That—The currency of Canada shall be such that the British sovereign (the pound sterling), of legal weight and fineness, shall be equal to four dollars eighty-six cents and two-thirds of a cent.

In like manner the law provides as respects weights, that the unit shall be the standard pound (avoirdupois) of 7,000 grains, one-sixteenth part of the standard pound shall be an ounce (437½ grains) one hundred pounds a cental, and two thousand pounds a ton, and that four hundred and eighty grains shall be an ounce troy.

As regards measures—That the unit or standard measure of capacity, as well for liquids as for dry measures, shall be the gallon containing ten standard pounds weight of distilled water weighed with the water and air at a temperature of sixty-two degrees Fahrenheit, with the barometer at thirty inches, that the quart shall be one-fourth part of the gallon, and the pint one-eight part of the gallon, and that eight gallons shall be a bushel.

This gallon commonly known as the "Imperial gallon," contains 277·274 cubic inches, or 353·036 cylindrical inches.

The standard measure of length is the yard, one-third part of which it is provided shall be a foot, and the twelfth part of such foot shall be an inch.

In many countries the Metric system of weights and measures has been adopted. A separate table of Canadian equivalents of these is given in order to avoid repetition, the word "Metric" being used in the general table in each case where the system is in vogue, as indicating a reference to that table.
